First Year Student Assistance Program

The HCA understands that students have many obstacles that may prevent them from starting a post-secondary education program. Each year the HCA will select first year college students and/or recent HS graduates who need assistance and determine eligibility for available assistance (such as gas cards, bus passes, child care assistance, etc...)

How it works

The Student must submit a hand written or typed (no minimum or maximum length) request. The Application must state: 1. Student Name, 2. Student Address, 3. Student Phone, 4. Student Email, 5. Reason for Request (no minimum or maximum requirements), 6. Student Signature, and 7. The contact information and signature of a College or High School representative from a HCA Reference Guide participating school.

Based off of need, availability, and HCA selection, students may receive direct assistance in overcoming obstacles that would otherwise prevent them from attending a college or post-secondary vocational training institute. Additional information may also be needed through the selection process.

Selection

The Selection process is on a continual annual basis so that applications and awards may be received at any time. Applications must be completed by the requesting student and must be faxed to 866-256-6524 or scanned and emailed as an attachment to the HCA at HSCounselors@gmail.com.

Additional Information may be needed and distribution and eligibility is solely determined by HCA.
